present:
The International Workshop

“Life in the Czechoslovak Stalinist Labor Camps”

1-3 May 2009

Come with us to explore how conditions looked like in the Czechoslovak Communist labor camps!

Within a three-day workshop we will visit the former labor camp Vojna (near the town of Příbram, central Bohemia) where we will have the chance to touch the former labor camp, accommodation in barracks, bathroom and conditions in solitary confinement as well. Together with the former political prisoners we will travel around almost forgotten parts of recent Czech history!

The rich program includes: trip to the Vojna Memorial, watching authentic movie story of a former political prisoner, city guided tour in Prague, workshops about the political persecution in Communist Czechoslovakia and much more.

If you want more information check the preliminary program and contact us at:

peter.luschen@politicalprisoners.eu

The conference fee is € 45. This includes 2 days accommodation in the center of Prague, breakfasts and warm dinners, trip to Příbram (town near the Memorial Vojna), the cultural program in Prague and the content itself of course.

See you soon in Prague!

The Conference Team
