

Join us on a **tour**. Experience **history**. Help **preserve** it.

We are Političtí vězni.cz (Political Prisoners.eu), an NGO dedicated to documenting and preserving the history of political prisoners in socialist Czechoslovakia.

Join us on one of our tours and learn about Czech(oslovak) history and the stories of individual political prisoners. Our experienced guides will take you on unconventional tours that will help you understand both the past and present of this country.

Our tours are social impact experiences. The money raised by these tours help finance the future activities of the organisation.

Political Prisoner's Prague

Experience an alternative tour of historic Prague, with an emphasis on the struggle against communism and the individuals that led it. You will discover history both great and small, the stories of individuals placed against the great events of the Czechoslovak past. How does a playwright become a political prisoner? How does a political prisoner help bring down the communist regime? We will answer these questions, and any you might have, on our best rated tour through Prague.

Duration: 3 hours

Czechoslovak Gulag Experience

A day trip to Jachymov, the infamous site of forced labour camps where political prisoners mined uranium for the Nazi and Soviet nuclear programme. We arrange transport from Prague and will guide you along a mountain trail to the former labour camps. We will hike through the Czech countryside and see the dark and bright sides of this country's past. Taste the local cuisine and explore the fascinating stories of the local survivors whose oral histories we collect and publish.

Students' Velvet Revolution

Experience the history of one pivotal protest: 17th November 1989. We will walk in the footsteps of the student march that brought down the communist regime in Czechoslovakia. The tour leads us through beautiful historic locations tourists seldom visit in Prague and helps us understand how communism fell without a single shot.

Scenic Flight to the Czech Past

Our experienced pilot will fly you in a comfortable four to six passenger airplane from Letnany airport on the outskirts of Prague. Flying 300 meters (1000 feet) above the landscape, you will see for yourself the marks the past has left on the Czech countryside. In an hour-long flight, you will witness the legacy of ruthless resource exploitation of past regimes: sweeping farmlands created by Communist collectivisation, industrial centres, sites of forced labour camps, vast surface mines, monoculture forestry or large water dams. Each flight is different, as we try to cater to the unique interests of our guests.

Welcome on board!

Duration: 2 hours (including pre-flight briefing)
